

Head mounted push button switch for one-handed momentary or constant "on" operation
 Fast double click from "off" to activate Strobe mode; fast triple clip from "off" to activate Low mode

Integrated carabiner style D-ring for a variety of attachment methods

Fully rotatable, reversible, removable clip to allow a variety of mounting positions

C4®LED technology, shock-proof with a 50,000 hour lifetime
 Glass lens

Powered by two 3V CR123A lithium batteries (included)

High impact super tough nylon polymer for exceptional durability and sure grip

FL 1 STANDARD	HIGH	LOW
	170 LUMENS	17 LUMENS
	3h 45min	30h
	167m	53m
	7,000cd	700cd

Runs 6 hours in Strobe mode

High, low and strobe modes
 LED Solid State Power Regulation provides maximum light output throughout battery life
 Optimized electronics provide regulated intensity
 Textured parabolic reflector produces a smooth beam hotspot with optimum peripheral illumination

IPX7; waterproof to 1 meter for 30 minutes
 Individually serialized for positive identification
 Meets requirements of NFPA 1971-8.6 (2007)
 Available in:
 #88830 Black
 #88831 Yellow
